

Where are we now?

Directions: Use the following to guide conversation about the development and implementation of a revised LEA application.

Our state has a Title IIA application for districts that focuses on attracting the most effective educators to LEAs and the schools that need them.

| Strongly agree | Agree | No opinion | Disagree | Strongly disagree |
|----------------|-------|------------|----------|-------------------|
| | | | | |

Our state has a Title IIA application for districts that focuses on developing a systematic, coordinated approach to provide new and sustained leadership opportunities with additional compensation, recognition, and job-embedded professional learning for teachers and administrators to advance excellent teaching and learning.

| Strongly agree | Agree | No opinion | Disagree | Strongly disagree |
|----------------|-------|------------|----------|-------------------|
| | | | | |

Our state has a Title IIA application for districts that focuses on the use of evaluation data in development, compensation, and employment decisions.

| Strongly agree | Agree | No opinion | Disagree | Strongly disagree |
|----------------|-------|------------|----------|-------------------|
| | | | | |

Our state has a Title IIA application for districts that signals support for the selection and implementation of high-quality curriculum and instructional materials.

| Strongly agree | Agree | No opinion | Disagree | Strongly disagree |
|----------------|-------|------------|----------|-------------------|
| | | | | |

Our state has a Title IIA application for districts that requires strategies to address between-school and within-school equity gaps in staffing and resources.

| Strongly agree | Agree | No opinion | Disagree | Strongly disagree |
