

Becoming a Learning System:

with Frederick Brown

Join educators and school leaders for an exciting day with Learning Forward Deputy Executive Director Frederick Brown to explore what makes learning systems work and how to implement best practices for effective learning in your classroom, building, and district.

November 13, 2014

8:30 a.m. – 4:00 p.m.

Location

Livingston Educational Service Agency
1425 W. Grand River Avenue,
Howell, MI 48843

Audience:

Teachers, principals, district administrators, district teams

Outcomes:

- Develop an understanding of the critical attributes of a learning system.
- Describe the roles and responsibilities of central office staff and school leadership in leading learning systems.
- Examine and learn strategies for developing district and school leadership that results in powerful learning throughout the organization.
- Understand the cycle of continuous improvement and use the Innovation Configuration Maps to strengthen the effectiveness of district and school leadership teams.
