

## 2016 AdvancED Fall Conference

### Learning for all Educators!

Join us to **discover** new and innovative tools to **improve** conditions for teaching and learning that provide the opportunity for every student to **succeed!**

Teachers, building and district-level administrators and continuous improvement team members will gain valuable information on **new AdvancED standards** and protocols, meaningful continuous improvement strategies, closing the achievement gap, and so much more!

#### Session Highlights

Learning Forward Michigan will sponsor our key-note address and teacher panel, facilitated by Learning Forward's National Executive Director, Dr. Stephanie Hirsh. The panel will focus on the power of teacher agency and the positive impact this makes on all learners. There will be a two-day strand of learning sessions centered on making professional learning powerful, relevant, and sustainable.

MEMSPA will facilitate a learning session incorporating a Principal Panel focusing on the power of the principal mentorship process to build leadership capacity within schools.

MASA will provide valuable information on how to support building-level leaders in continuous improvement as well as updates from MAISA.

Middle Cities Education Association will address *Closing the Achievement Gap* by engaging with participants as to how poverty and achievement are linked and how to effectively support children in poverty.

Michigan Department of Education will provide updates on special education, Title I school-wide flexibility, and Michigan's proposed accountability system.

Champions will provide information on how to build high quality afterschool learning programs for K – 8 students.
