

## Planning Sequence Worksheet

---

Read the list of steps. Determine what you consider to be the appropriate sequence of these steps. Indicate the sequence by placing the number 1 next to the first step, number 2 next to the second step, etc.

\_\_\_\_\_ Identify educator learning needs, goals, and objectives

\_\_\_\_\_ Implement, evaluate, and sustain the professional learning

\_\_\_\_\_ Develop improvement goals and specific student outcomes

\_\_\_\_\_ Plan professional learning implementation and evaluation

\_\_\_\_\_ Analyze student learning needs using multiple forms of student data

\_\_\_\_\_ Identify characteristics of community, district, school, department, and staff

\_\_\_\_\_ Study research for specific professional learning programs, strategies, or interventions

Are there any steps you would **delete** from the sequence?

Are there any steps you would **add** to the sequence?
