# Professional Learning Planning

## Set a systemwide vision for adult learning

**WHAT WE DO.** We customize support to meet your district's needs by facilitating the visioning and development of a systemwide approach to professional learning focused on 22 essential components.

Systems achieve their greatest potential when they create, scale, sustain, and advocate for coherent systems that connect adult learning and equitable student outcomes.

Contact us to learn how we support system leaders in conceptualizing, designing, and scaling professional learning plans that change teacher practice and student outcomes.

- Develop a systemwide vision for professional learning;
- Set clear roles and responsibilities;
- Build structures to ensure job-embedded collaboration;
- Define key components of a learning system.
